

Poster Presentation Day 1 (April 12th, 2019)

Name	Poster Code	Title
Krati Omar	PP 01	Reference standard norms for tactile acuity in asymptomatic primary and middle school going children: A Normative Research
Karan Gautam	PP 02	Pre and postoperative abdominal surgery changes in pulmonary function among the children
Nikhil B Shah	PP 03	Effect of craniosacral therapy in treatment of cervical spondylosis
Nikhil B Shah	PP 04	Effect of Aerobic Exercise on Body Composition in obese adults
Navjyoti Gupta	PP 05	Effect of surface inclination angles on middle deltoid muscle activity in stroke population with shoulder subluxation – a cross sectional study
Gurjant Singh	PP 06	Correlation of Functional Claudication distance with canal diameter in patients with lumbar canal stenosis: A correlation study
Rajnee Mishra	PP 07	Estimating reference norms of single heel-rise test in healthy school-going children by deriving prediction formula: A cross-sectional study
Aurodeep Dasgupta	PP 08	Comparison between the efficacy of diaphragmatic breathing exercise and alternate nostril breathing on autonomic functions in individuals with hypertension
Pawanpreet Kaur	PP 09	Effects of myofascial release therapy on pain related disability and depression in middle aged population with chronic neck pain
Sukhmandeep Kaur	PP 10	Limitations in motor activities in children with autism spectrum disorder: a review study
Neelam Kumari	PP 11	Management strategies for treatment related complications in patients with breast cancer: systematic review protocol
Saurav	PP 12	The Effect of sacroiliac joint manipulation on the hip joint ranges of motion and muscle strengths in normal healthy individuals

Swastik	PP 13	The effect of tibiofemoral joint mobilization in the management of chronic patellofemoral pain syndrome patients: study protocol
Jaspreet Kaur	PP 14	Effect of physiotherapeutic regime on quality of life in Indian postmenopausal women: a randomized controlled trial
Avinder Singh	PP 15	Effectiveness of nerve slider techniques in the treatment of ankle sprain: randomized clinical trial
Guleria Bharti	PP 16	Effect of Muscle Energy Techniques on Range of Motion in patients with Periarthritis of shoulder joint-A review Study
Palak Kumar	PP17	Congenital talipes equinus varus- Treatment and Rehabilitation
Pranav Saha	PP18	Prevalence of Neck disability in staff working in front of desktops –A survey study
Kakoli Alamgir	PP19	Efficacy of neural mobilization in patients with plantar fasciitis: A quasi experimental study
Kinju kumar mishra	PP20	A comparative study between the effectiveness of core Stabilization exercises versus McKenzie exercises in Mechanical low back pain
Amardeep Kaur Saini	PP 21	Influence of total neck length and antero – posterior diameter of the head on total head excursion of Indians and Africans

Poster Presentation Day 2 (April 13th, 2019)

Name	Poster Code	Title
Bhumika Sudha	PP 18	Efficacy of upper cervical spine mobilization and myofascial release in forward head posture patients having temporomandibular joint dysfunction
Manisha Sarkar	PP 19	Efficacy of muscle energy technique and kinesio tape application in addition to other physiotherapeutic intervention in patients with mechanical sacroiliac joint dysfunction- two group pre and post-test, randomized clinical trial
Shilpasree Saha	PP 20	Efficacy of Alternate Nostril Breathing On Pulmonary Functions and Physical Functional Capacity in Healthy Adults across Different Age Groups
Swati	PP 21	Effect of kinesio taping in combination with oromotor facilitation on mouth closure in neurologically impaired children with drooling
Chanchal Jain	PP 22	Efficacy of neural mobilization and Maitland accessory mobilization in patients with tennis elbow – pre-test post-test experimental design
Sugam Slathia	PP 23	Promotion of Physical Activity in Older Adults
Komal Kalyan	PP 24	Grip strength normative data
Akhil Sharma	PP 25	Effect of incentive spirometry exercises on normal blood pressure
Swapnil	PP 26	Relation between Ankle brachial Index and nature of work in lecturers
Shashi Prakash Sharma	PP 27	Myofascial trigger pain threshold level of upper trapezius and levator scapulae in undergraduate students of LPU- an observational study
Tenzin Palkayi	PP 28	Peak expiratory flow rate measurement in interior design students- an observational study
Bishaka Pradhan	PP 29	Effect of suboccipital muscle myofascial release on hamstring muscle length, pain and disability in patients with anterolisthesis- a pilot two group pretest post-test design

Dave Jwalant Bhavendra	PP 30	Relationship between core muscles activation and sit to stand performance in subjects with traumatic brain injury: An experimental study
Gurman Kaur	PP 31	Knowledge, attitude and Practice Telerehabilitation among Physiotherapist in India
Sriniwas Kolarkar	PP 32	Relationship between Waist Hip Ratio, BMI with Visceral Fat Measurement in Health Population
Sakshi Sharma	PP 33	Managing adverse effects of smart phone overuse with Physiotherapy
Anjali Gupta	PP 34	Effect of sleep position in pregnant females.
Neha Sharma	PP 35	Preserving lung function pre and post operative in paediatric open abdominal surgery: A one group pre- test post- test quasi experimental pilot trial
Fatima Nazia Sultana	PP36	A comparative study to find out the effectiveness of Mulligan's MWM technique versus counterforce elbow Orthosis in immediately reducing pain and improving grip Strength in lateral epicondylitis in housewives"
Pinku Kumari	PP 37	Isometric exercises versus combined concentric-eccentric Exercises in reducing pain and functional disability in patients With osteoarthritis of knee
Jodhachandra laishram	PP38	A comparative study on the effect of self-snags versus dynamic isometric exercises in desk job people with chronic neck pain
Shubham, Rima	PP39	Effects of Iontophoresis for the management of Hyperhidrosis.
