

Date: November 18, 2017

**School of Bioengineering and Biosciences
Lovely Professional University**

Ph.D. Students are cordially invited to the 'One Day Ph.D. Students' Symposium in Science & Technology' to submit their abstracts for presentation and attend the symposium, to appreciate and emulate the quality of work completed by other scholars. The aim of this symposium is to provide an opportunity to showcase quality research work and to enhance demonstration and presentation skills. We aim to bring together graduate research scholars in the field of Science and Technology to share their innovative scientific ideas and applications of their lab-based research in real world. The symposium will consist of plenary sessions of oral and poster presentations by Ph.D. students, which will be chaired by field experts of global repute.
